Note: Summer holidays are meant for enjoyment; ie visiting your relatives, meeting old friends and relaxing with good food.....to rejuvenate yourself for the whole year. And being a student , you also need to keep up our Knowledge level high for subjects taught in the school. Hence try to make utilize of your time by balancing all the things what you need to become a good students.

Do not forget to sweat out your body with outdoor physical activities; this will definitely help you to memorize your topic better.

Enjoy!!!!
